### ABOUT GROUP SATELLITE

We've been in the business of developing Mumbai real estate since 1970-71, and we are proud of the fact that we are now inching closer to our half century in 2020. We believe that trust, transparency and confidence in delivery are the key drivers of value in real estate development due to the enormous risks that consumers have had to face while buying their dream homes in the past. We can do little more than point to our close to fifty years in existence and the sixty plus projects of five million sq.ft. that we have successfully delivered to assure customers that the one thing that they can do while dealing with GS is rest easy. Between our development arms, development management, contracting and PMC and infrastructure management, the Group is well-positioned to deliver a set of integrated products and services in the real estate market in Mumbai – we believe we are the best when it comes to customer satisfaction, even at the cost of our bottom line. With our projects at Nepean Sea Road, Worli, Andheri and the deeper Western Suburbs, GS has also shown its ability to operate across segments and sectors in Mumbai – with extensive experience in designing, building and operating large A1 commercial complexes like Solitaire Corporate Park and Satellite Silver, and tremendous expertise in designing and building Mumbai's most luxurious apartments at Vandan and Sesen by Group Satellite. In 2018, GS entered the affordable homes market through its brand - Aarambh, by creating Mumbai's most inexpensive first-homes designed especially for first-time home buyers. This flexibility along price brackets as well as both sides of the residential-commercial divide positions the group uniquely in terms of core competencies so that we are in a position to deliver value anywhere in Mumbai.

### MD's NOTE ON GLORY

As passionate, design and aesthetics driven people, we've approached the Andheri residential market with the same vigour and boldness as we did when transforming the neighborhood from a sleepy industrial zone to the booming commercial hub it is now.

With the most premium corporate clients occupying office space in and around Solitaire Corporate Park, we decided to push the boundaries of the Andheri residential market and try to bring an exclusive, boutique SoBo development to the area.

With Satellite Glory, I'm proud to say that we've exceeded our own expectations: architected by the world-famous Talati & Panthaky Associated (TPA), with special attention on every element of design from the great Mr Noshir Talati; six elevators for an eleven storey building that ensures most residents will experience privacy and seclusion on a daily basis; two separate service elevators which ensure that the nuts and bolts of the life of the building and its occupants is managed invisibly; and finally the sheer quality and expanse of the apartments themselves.

This is true luxury: understated, elegant and substantial – without making too much noise about it.

### ABOUT SATELLITE GLORY

Satellite Glory, a premium boutique residential development by Group Satellite, brings you limited edition luxurious 3 & 4 BHK apartments decked with the finest amenities for higher living.

Designed by the renowned Talati & Panthaky Associated (TPA), especially for those who have arrived in life, its where contemporary architecture meets functional design from its lobby to spacious apartments right up to its crowning glory, taking luxury to greater heights.

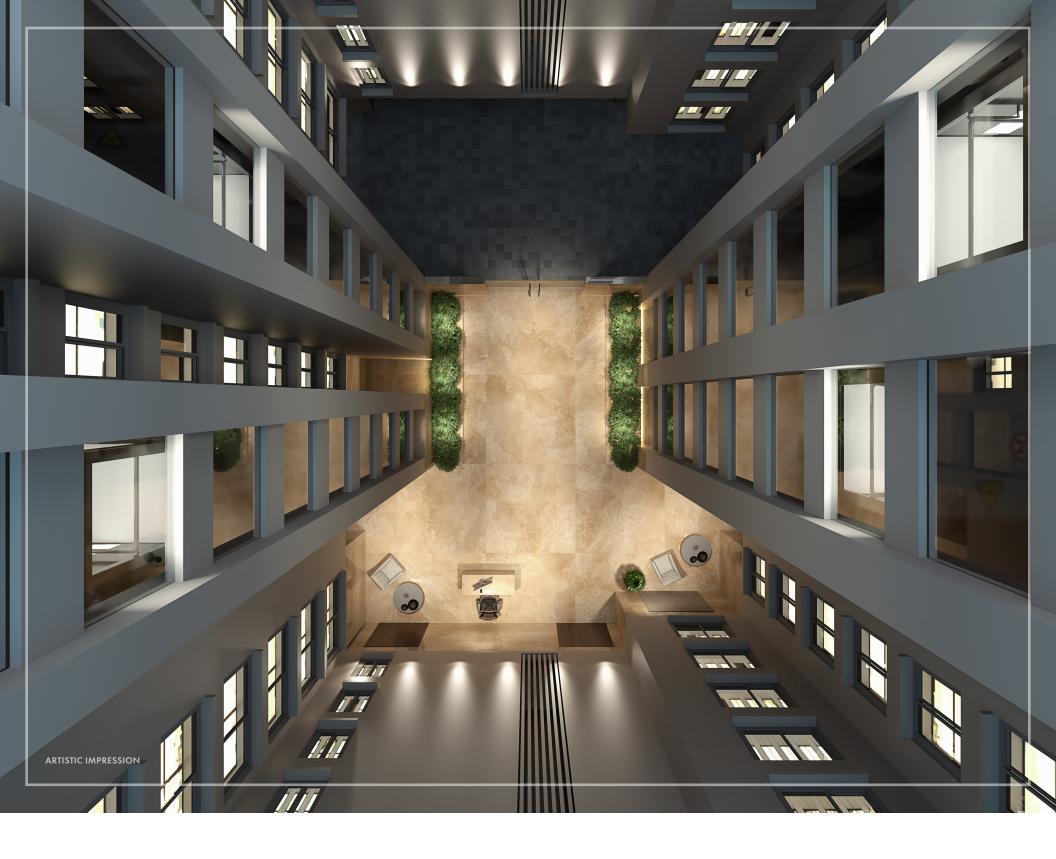

Located in the heart of the commercial district of Andheri (E) in Mumbai, it's here that you will discover the heights of glory. With access to all modern conveniences and excellent connectivity to the Western Express Highway and Domestic and International airports, as well as close proximity to the upcoming Metro station, Satellite Glory is poised to become the most luxurious and sought after address in the neighborhood.

Ready to move in apartments.
