loyalties to Chembur.**

Bombay Presidency Golf Club, Chembur.

Chembur has always been one of Mumbai's quieter, greener, prettier, more culturally rich suburbs. With its now enhanced connectivity, Chembur has emerged as one of the most attractive neighbourhoods to live in.

Supreme Elenor is a never-before opportunity for long-term and loyal Chembur residents for a 360-degree upgrade in their lifestyles. Presenting homes that celebrate two kinds of luxury.

The first is the luxury that your senses can delight in: the very finest aesthetics, architecture, materials, design intelligence, cutting-edge features, all of which add up to a rare, daily experience of tangible, lived luxury.

The second is a more elusive kind of luxury, especially in today's times. This is the luxury of healthy living: an enlightened, elevated way of life that places the physical, mental and emotional well-being of your family at its very centre.

An 18-storey residential experience, Supreme Elenor rises above the ordinary on these two pillars of luxury, offering a unique combination of the very best in premium lifestyle and the very best in healthy living.

Here is a way of life that, every day and in every way, gives you the perfect balance of refinement and wellness.

This is the age of the pandemic.

This is the age of health becoming one's most precious asset.

There are many aspects of modern life that the pandemic has changed forever. But perhaps its single most positive effect has been the worldwide recognition of the need for health to be paramount in life priorities.

What is healthy living? It is a daily approach that values and nurtures one's physical, mental and emotional selves. It is an attitude of positivity, abundance and worship towards the body, mind and soul. It is exercise, the right diet and the right mindset.

Let there be more light and ventilation, our homes seem to say. The more the sunlight streaming in through the windows and the greater the ventilation in each room, the more the positive vibes all around.

5-tier security for maximum safety.

At Supreme Elenor, we've gone the extra mile to ensure the safety of your loved ones and valuables at home. We have in place the 5-tier security protocol which is far superior to the usual 3-tier set-up.

The 5-tier security system consists of five levels of security checks.
